## San Mateo Blues Defeat Daly City Farallone Packers

### *Loss Drops Home Team To League Third Place*

Sunday was a day of 6-5 scores at Marchbank park, in Daly City, as the Farallone Packer Juniors lost to Royal Tallows in the morning game by that margin, which was repeated as Moffat Mantecas defeated Burlingame in the afternoon.

The loss for the little Packers came as an upset to local fans, as they have been consistent winners throughout the weekly schedule played this season. Battery for the Farallones was Quinones and Clark, opposed by Borrego and Rasore for the Tallows. With the senior Packers playing out of town, the league game for the Moffats placed them in a tie for fourth place.

Daly City's Farallones went down before the San Mateo Blues in a game played in that city, Sunday, by a score of 8 to 5. Hits were divided, 11 to 7, and batteries were Bogdanoff, Tamilier and Fenech for the Packers, and Robero and Petrocchi for San Mateo.

The loss dropped the Daly City squad into third place in the Peninsula Summer Baseball league with eight wins and four losses, trailing San Mateo and Belmont, tied with nine and three. Owl Drugs and Moffat Mantecas are tied for fourth spot with six and six, while Burlingame and the Simmons company have two and ten for sixth place.

Playoffs for the lead position and for fourth rating will be staged in San Mateo, Sunday, August 22. When the ties are unraveled, the top four teams will engage in the season's-end playoffs, starting August 29. The Packers, in this series, will oppose the winner of the San Mateo-Belmont contest. At least one of the series games will be played at Marchbank park, according to league officials.

Next Sunday, on the Daly City diamond, the Packer Juniors meet St. Phillips' nine at 11 a. m., followed by a practice tilt between the Surf Riders and Moffat Mantecas, scheduled to start at 2:30 o'clock.

## Protective Group Receive New Name

At the request of **Governor** Earl Warren the name of Daly City's Civilian Defense Council has been changed to **Daly City War Council**, according to Arthur J. Bodien, director. The new title of the civilian protection group was discussed at the Thursday night, August 5, meeting at the city hall, which heads of all services and city officials attended.

Bodien announces that identification cards, purchase of which was authorized by the city council, Monday night, will be issued to all volunteers.

Next meeting of the Daly City War Council will be held, Thursday, August 19, 8 p. m. at the city hall, 75 Wellington avenue. All members are urged to attend as specific arrangements for holding the long-delayed control room drill will be made.

### *Legion Takes Charge At Servicemen's Club*

Next week, hostess organization will be St. Michael's Ladies Aid society.

Recent donations to the club have included those from Hillcrest Circle No. 143, U. A. O. D., and the Particular council, St.

The local draft board is now a 3-man group with Dr. J. C. McGovern, chairman; Fred A. Collins, secretary, and J. J. Jennings.

## Colma Officials Get Salary Boost

Increases of $15 each in the monthly salaries of City Clerk E. A. Weisenburger and City Treasurer Henry Kempf were voted at the regular session of the city council of the Town of Colma, held Monday. Mayor Paul Delucchi presided over the meeting, at which Councilmen Mattrup Jensen, Peter Barsi and Bartley Flynn were also present.

Weisenburger reported no further definite action had been taken concerning the proposed granting of a trailer pump to the Colma Fire district by civilian defense authorities. If the additional equipment is made available, it is planned to provide housing for it in the incorporated area, served by the district.

Unanimously passed was a resolution providing for the expending of the quarter-cent gasoline tax money allotted for the repair and upkeep of state highways within the incorporated limits. Colma's share of this fund for the present period amounts to about

## Passes Resolution Setting Combined Total Of $1.09

### *Appoints Two Men To Local Police Dept.*

Tax rate for the City of Daly City for the fiscal year 1943-44 was set at a total combined rate of $1.09 per $100 of assessed valuation of taxable property, at Monday night's council meeting when Resolution No. 837 was unanimously adopted. Excepted from the rate was the annexed portion of the city known as Annex No. 4 as to the 1937 Fire Alarm bond fund rate at seven and four tenth mills, and also as to the 1938 city hall bond fund rate of four and three tenth cents.

Breakdown of the tax rate showed general government as the highest single item, costing .7856. Next highest was the Water Works Reserve fund at .074. Complete details may be studied in the legal advertising as published in this week's Record by the city.

Under communications, the city council, Monday night, heard a letter from the Daly City War Council relative to the purchase of identification cards for all volunteers, the change of the group's name, and the donation of $17.50 to the Junior Red Cross rehabilitation program. The council authorized the purchase and the donation and signified their satisfaction with the change of name to Daly City War Council.

Several pieces of real estate which are contemplated for purchase from the city by private citizens were referred to Councilman John J. Fahey sr. for study and report.

A letter from Father James Sorasio thanked the council for having the street in front of Holy Angels church repaired.

Under committee reports, Councilman Edmund Cavagnaro outlined the success of the recreation program at Lincoln park and General Pershing school. Deputy District Health Officer Fred Collins called to the attention of the council that a vacant lot directly across the street from the Daly City theatre was in deplorable condition. The matter was referred to Superintendent Arthur J. Bodien.

Two appointments to the Daly City Police department were made. Roy Beecher was put on the department rolls as a patrolman, while Leo Bigazzi was named as a temporary employee to serve for "the duration."

Building Inspector Bodien advised the council that the state legislature has passed a law making it necessary to display the California Bear flag, as well as the American flag, on all public buildings. He was advised by the council to purchase the Bear flags.

The council is now studying the drafting of an ordinance to control the keeping of livestock within the city limits. Numerous complaints have been received from residents who are unable to sleep due to the crowing of roosters.

The meeting was adjourned after the reading of claims. Mayor A. J. Gaggero presided.

### *Senior Air Raid Wardens To Aid In Tin Campaign*

The senior air raid wardens of Daly City met, Friday night, August 6, at the city hall, 75 Wellington avenue. Chief Air Raid Warden Harry Melicker issued circulars on protection against war gases, which the wardens will subsequentiy distribute in their own neighborhoods.

At Friday night's session, the senior wardens volunteered to help with the summer pickup of tin cans which have been saved by local housewives to aid the war effort.

Next meeting of the senior wardens is set for Friday, August 20, 8 p. m. at the city hall.

## Servicemen

USNR, 157 Bellevue avenue, Daly City, will complete the indoctrination course there, today, August 12, graduating with the ninth battalion to leave the school since it was first organized.

The course covers 60 days of intensive study in such subjects as navigation, ordnance, seamanship, and naval administration, supplemented with a physical education program designed to give the young officers rugged bodies as well as alert minds.

The purpose of this streamlined two-months course is to give the newly commissioned men a condensed knowledge of their duties, whether they serve with the Navy at a shore station or aboard ship.

A student at the University of California when he received his commission, Ensign Nicoletti reported for active duty, June 22, 1942, after graduating with the degree of Bachelor of Science in civil engineering. He is the son of Cesare Nicoletti of the same address on Bellevue avenue.

Davidson college at Davidson, North Carolina, reports that among its alumni now serving as chaplains with the armed forces is **A. C. Summers,** formerly of Daly City. Summers was graduated from Davidson in 1922. He is a Presbyterian army chaplain.

Reporting that the contractor in charge had as yet failed to satisfactorily complete the street work ordered on E street, payment on the contract was held up for the second time. The board agreed that until such time as the street had been oiled and gravelled in accordance with provisions of the contract, payment should not be made.

Councilman Jensen was authorized to take up, with the county engineering department, the extension of sewer connections to portions of Colma not now served.

### *POSTPONE MEET*

The meeting of the sewing club of Vista Grande Camp No. 6035, Royal Neighbors of America, has been postponed until Tuesday, August 17. It will be held, as originally planned, at the home of Mrs. Cora Ray, 186 Flournoy street.

The postponement was made due to the death of a cousin of Mrs. Ray. Members of the group extended their sympathy to her.

The camp held its jubilee meeting, Friday night, August 6, and it proved an outstanding affair with a large turnout of members and guests from San Francisco camps. Initiation of new members was held and refreshments served. The deputies who were honored at the meeting were presented with gifts and flowers.

## *Puleeze—Don't Turn In Any False Alarms!*

Assistant Fire Chief Arthur J. Bodien, this week, sought the cooperation of all local residents in eliminating false alarms. The volunteer firemen are perfectly willing to tear out into the night at any hour to aid a neighbor whose home is on fire or to extinguish dangerous grass fires, but to be called out for nothing but a child's prank (or worse yet some grownup's stupid "practical joke") is not conducive to good will. Bodien also pointed out that having the alarm system in operation during the night hours adds to those "edgy" war nerves, a wholly unnecessary strain on residents when nothing but a false alarm is involved.

There have been several grass fires during the past several days. Monday at 2:55 p. m. Companies No. 1 and 2 and San Francisco Fire department engine No. 33 extinguished a grass fire on the hills at the end of Shakespeare street. Saturday, August 7, Companies No. 1 and 4 put out a large grass fire at Templeton avenue and Frankfort street.

The Daly City Record has accepted an appointment to the publicity committee of the organization and will help in the war fund appeal.

## The Awakening Was Just Too Rude

It was a rude awakening for James R. Thomas, 115 Russia avenue, San Francisco, Sunday morning at 6:20 a. m. He found himself at Whipple street and Alemany boulevard, minus his left shoe and sock and a new Stetson hat. The missing apparel didn't bother him half as much as the fact that in the toe of the left sock he had placed $2,100. He appealed to the Daly City police as he felt sure he had been given a "Mickey Finn" in a Daly City tavern the preceding afternoon.

His diagnosis of what had happened to him was fortunately incorrect as by Monday morning he

## THIS IS LAST CALL

Do Daly City women wish to make use of the free pressure cookers available at Jefferson Union high school?

That question has the summer staff at the high school in a quandary, this week. Thinking that naturally local women would like the opportunity to participate in the type of canning clinic sponsored by the San Mateo Junior College Adult center, they arranged for the project. However, turnout has been very poor.

**The school cannot further tie up pressure cookers and competent instructors unless there is some real interest shown by Daly City housewives. Any woman who wants to use the equipment during the summer must notify the high school, 6996 Mission street, RAndolph 6612 before Saturday, August 14.**

This is the FINAL call for a display of interest!

***NOW AT THE DALY CITY THEATRE***

Mickey Rooney and David Holt have been kept after school for conduct not becoming star students. Teacher Mary Nash has a thing or two to say to the boys and they are interested, because what she says is one of the things that make "The Human Comedy" an inspiring picture. In addition to Rooney, there are such notable performers as Frank Morgan, Fay Bainter, Marsha Hunt and 5-year-old Jack Jenkins to hold your attention.

# "The Human Comedy" Stars M. Rooney In Outstanding Role Of His Film Career

Tender and great is the story of human people as brought to the screen in the M-G-M film, "The Human Comedy." Eagerly awaited by many, the story, written by William Saroyan, is now playing at the Daly City theatre. In it Mickey Rooney gives the outstanding dramatic performance of his long career, leaving behind him the unique characterization of Andy Hardy in the series of the same name.

"The Human Comedy" deals with family life in a typical American small town. The Macauley family, for instance, is poor in worldly goods, but spiritually rich. Ma Macauley, portrayed by Fay Bainter, is a widow and her oldest son, Marcus, played by Van Johnson, is a private in the army. Mickey Rooney is the second son. He gets a messenger's job in the local telegraph office, working after school, so that he can help out at home. His work calls for him to meet people—all sorts of people—and to get to know them. He learns much from Frank Morgan, who gives a telling account of himself as an old broken down telegrapher, and James Craig, the philosophical manager of the office.

There are comic moments, tragic incidents and tender love scenes, all deftly interwoven in this inspiring story. Craig handles the romantic angle effectively as Marsha Hunt, daughter of the rich banker, plays up to him as "her man."

Clarence Brown, who has a long list of successes to his credit, has directed and produced with a heart-warming touch. Additionally there is an inspiring musical score.

Other members of the Macauley family include Donna Reed and Jack Jenkins, filmdom's newest child discovery. Dorothy Morris is seen as Marcus' sweetheart, the girl who lives next door.

## DANGER AT HOME

Accusing a person of complacency toward the war is tantamount to an insult. Everyone likes to think he is doing his part to achieve victory and doesn't like to be told otherwise. There is no such explosive reaction, however, when complacency is charged with respect to domestic issues. Many people believe domestic issues are something for politicians and theorists of doubtful ideals, to settle among themselves. If they persist in that belief, the republic, and individual liberty will eventually be destroyed as completely as if the nation had been overrun by the mechanized hordes of the dictators.

A revolution is impending in this country. It may be a bloodless revolution, but nonetheless a revolution—a revolution about which no freedom-loving American can be complacent. At the present moment, the country is existing in a vacuum. irrespective of our apparent unanimous pride in the achievements of private industry in producing for war, the stage is being set for the substitution of government-owned industry on a large scale for privately-owned and operated industry. This is revolution. It is revolution because it will change our form of government.

No government can govern and employ the people it governs, and still remain democratic. So far, the people do not seem to realize this. If they did, they would not sit back and complacently allow the electric power industry to be slowly socialized. They would be fearful of labor legislation which promotes government ownership, as in the case of coal mines; they would be alarmed over the fact that a large percentage of industry is already owned outright by government as a result of the war emergency; they would be indignant that agencies of government, supported by the taxes they pay, are "planning" the deliberate destruction of the American system of free enterprise, by permanently socializing the natural resource and transportation industries.

The same kind of complacency which very nearly led to military disaster, is now dulling our sensibilities to dangers at home. The depth of the danger can be measured in the words of Fulton Lewis jr., nationally known radio commentator: "...To me it is shocking and frightening in the extreme that those in Washington who conceived the Four Freedoms didn't have sufficient acquaintanceship with real Americanism to have included in their list the most important and the most vital freedom of all...Freedom of Individual Enterprise."

## THROW THEM OUT!

Lou R. Maxon, high official of the OPA, has resigned with the declaration that: "There is a strong clique in OPA who believe that the government should manufacture and distribute all commodities. They are using the war as a means of furthering their reform ideas and will continue to use honest men in OPA as a front for their efforts.

"If this group isn't curbed, we are going to lose a good slice of the very freedom we are fighting for."

Maxon's charges are similar to those of leading retail distributors, who have reiterated many times that the distribution industry faces total disruption unless the pet theories of extremists are relegated to a back seat.

With inflation gaining inexorably, the spectacle of one of the principal agencies established to combat rising prices experimenting with the doctrines of socialism, while the destinies of a hundred and thirty million people hang in the balance, is intolerable.

The production and distribution system in this country has been developed to a state of perfection never before attained in history. The result has been evident in every American home. Why, in the name of heaven, should this system be scrapped when we need it most? If given a chance, our farms and factories and our merchants will feed and clothe the country. They will do it, inflation or no inflation. The only thing that could conceivably stop them would be hopelessly complex domination by so-called "war agencies," who would rather see Americans growing in rows than fighting for victory.

## NEW PROGRAM

"Another 80-hour training program for Nurse's Aides begins September 13," announces Mrs. J. H. P. Howard jr., chairman of the Nurse's Aide committee for the San Mateo County Red Cross chapter. "Any woman between the ages of 18 and 50, in good health, and with a high school education is eligible. No limit can be put on the number of aides needed, as hospital nurses are constantly leaving to join the Army and Navy Nurse corps, and Red Cross Nurse's aides are playing a vital role in maintaining civilian health."

Applicants may call the Nurse's Aide office, Burlingame 4-2533, any day from 10 to 4 to make an appointment for an interview.

## Veteran Firemen Hold Regular Meet

The Daly City Veteran Firemen's association held its regular monthly meeting at 188 Santa Barbara avenue, Friday, August 6. Comrade President J. Kester called the meeting to order at 8 p. m.

Comrade Carl Bradtberg passed away, August 4. His funeral, Friday morning, August 6, was attended by more than ten members of the Veterans association.

After the business session, Friday night, a buffet supper was served. Next meeting of the group will be held Friday, September 3. All members were urged to plan to attend.

## OPA SNOOPING

So the Office of Price Administration now wants us to spy on the corner grocer and the haberdasher—if they are still in business—and fill out a "Consumer's Complaint Form," which we are to mail anonymously, at government expense, to the OPA's snooper division in Washington, D. C.

Before that order came out, we thought the OPA had made every mistake in the book—and some heretofore unknown to the long-suffering American public. But this, as we see it, is the blunder to cap all blunders; the crowning insult from a government department which employs 2200 lawyers to draft regulations that don't add up, either in ration points or dollars-and-cents.

If OPA really wants the truth (which we doubt) the people here at home don't blame the farmer or the grocer for their difficulties; they blame the OPA! And if any of those forms are filled out, they will probably curl the hair of Washington bureaucracy. We don't appreciate the attempt to enlist us as members of an American Gestapo. Our sons are fighting to kill that kind of thing—and we certainly don't intend to be a party to creating it here at home.

## READING & WRITING

BY *Edwin Seaver* AND *Robin McKown*

HENRY A. WALLACE

WHAT sort of world are we going to have after the war is over? That's a question on which many thinking people are dwelling these days. A most provocative book on this subject is "Prefaces to Peace,' a volume containing the writings of five leading American statesmen, which the Book-of-the-Month Club is distributing as a dividend this summer.

The five statesmen are Wendell L. Willkie, Republican presidential candidate in 1940; Henry A. Wallace, incumbent Vice-President of the United States; Sumner Welles, Undersecretary of State, and Herbert Hoover and Hugh Gibson, the former an ex-president, and the latter once Ambassador to Belgium.

"Prefaces to Peace" is a symposium on what these American leaders foresee for the post-war world. Included in the single volume are Mr. Willkie's "One World," the book that broke all modern publishing records; "The Problems of Lasting Peace," by Mr. Hoover and Mr. Gibson; Vice-President Wallace's "The Price of Free World Victory," adapted from his new book "The Century of the Common Man," and Mr. Welles' "Blueprint for Peace," adapted from "The World of the Four Freedoms."

Each of these works differs widely from the others on what plans the authors advocate for the establishment and maintenance of peace, once the war is over, but all of them are agreed on one point at least: that the planning for the post-war world must be undertaken now, even while the war is going on, otherwise, even though we win the war, quite possibly we may lose the peace.

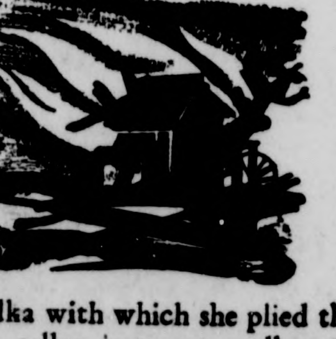
In her book "The WAACs," which might be described as a book of etiquette for the Woman's Army Auxiliary Corps, Nancy Shea tells of the new recruit to the women's army who told her fellow Waacs she just loved to "get up for revelry!" The Waacs, according to Miss Shea, are already developing their own brand of army slang. A hope chest, for instance, is now nothing more than a Waac's foot locker; the student university is the post exchange; "Simon Legree" is the fond appellation bestowed upon a First Sergeant; and a "China Clipper" is a dishwasher on K.P. duty.

* * *



In his book "Mother Russia," Maurice Hindus tells many amazing stories of the activities of the Russians within Nazi-occupied territory. One of these concerns a woman named Fedosya Ivanovna, who lived in a small village deep in the heart of the Ukraine and who, in the days of peace, was much disliked by her neighbors because of her stern sense of discipline and her dominating nature. When the Germans came, Fedosya entertained five German officers in her home, and even her daughter-in-law protested at the lavish amount of vodka with which she plied them. But the last bottle she drew out from her cellar was not vodka—it was kerosene—and the next morning there were only charred remains of her home. The five officers, as well as their hostess, had perished in the flames.

# Block Mothers Discuss Problems

Block Mothers of Daly City met at the home of Mrs. S. G. Bryant, 559 San Diego avenue, Wednesday evening, August 4. In addition to discussion of their mutual problems, it was decided to invite Arthur J. Bodien to be their guest speaker at the September meeting, to be held at the same address, 8 p. m., September 1.

Mrs. Bryant and Mrs. Adele Hanelt, leader of the civilian defense group, asked for a better turnout of members for the September meeting. Block leaders are still needed for the entire city. Anyone who could volunteer for such duty is asked to call Mrs. Hanelt, DElaware 7984 or Mrs. Bryant, DElaware 9907.

## *Maybe It Was That New Promotion That Did It!*

The military keglers are coming into their own at long last! They defeated Conci's Shell service, Friday night, August 6, taking the series for the evening. This was the second win for the lieutenants in the past few weeks. R. L. Crane jr., disgruntled civilian bowling expert, voiced the opinion that Lieutenant Jackson's recent promotion to captaincy affected the outcome of the game.

"His high opinion of the world in general affected his bowling and we never had a chance," Crane said.

Next contest for the keglers is set for 7 p. m., tomorrow, August 13, at Lincoln bowl, where the bitterly contested question of "who's better, civilians or lieutenants?," will be thrashed out again.

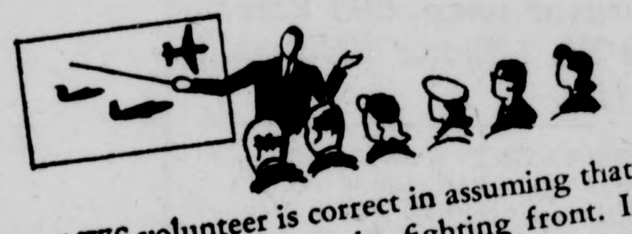
## THE AIRCRAFT WARNING SERVICE IS AN ESSENTIAL PART THE U. S. ARMY AIR FORC

This winged emblem is the official insignia of the Aircraf Warning Service. You will notice that it has the word "U. S. Army Air Forces" lettered on it. Civilians who display it are a real part of our Air Forces.

**150,000** loyal civilians know that Posts of the AWS must be filled. The job must be done by either civilians or by fliers or soldiers badly needed at our battle fronts. AWS volunteers release men and equipment for fighting duty.



The AWS volunteer is correct in assuming that he releases many planes to the fighting front. If it weren't for the AWS we would need far more fighter planes on the Pacific Coast than we now have, in order to do the same job.

"Seventy-five families depend on me" is what each AWS volunteer can truthfully say. Reliable statistics show that each person serving on a Ground Observation Post or in a Filter and Information Center is responsible for seventy-five homes as his share of protection.

# COOPERATE WITH THE AIRCRAFT WARNING SERVICE

**A FEW OTHER FACTS ABOUT THE AWS:**

The Ground Observer Corps is that part of the Aircraft Warning Service that reports the flight of all aircraft over the landward areas. Loyal Americans, especially those in smaller towns, can usually find an Observation Post near their homes on which to serve.

The Aircraft Warning Corps is that part of the Aircraft Warning Service that receives and evaluates all reports about the movements of aircraft. There is a constant need for volunteers to join the Aircraft Warning Corps.

There is important work for *everyone* in the Aircraft Warning Service . . . father, mother, sister, and brother. Even the physically handicapped can serve. The training is brief, interesting, and educational, after which you devote only a few hours a week to a vital job.

* * * * * * * * * * * * *

Many additional workers are needed *NOW* to man the hundreds of military installations in this vital area. Get into this select corps of unsung heroes and heroines who are protecting our vital American frontier.

SAFEWAY Homemakers' Guide

Ideas for that main course

It can be a fascinating game these days—trying to figure out what to have for that main course. Despite shortages in some foods, those main dishes must be hearty, appetizing, attractive and budget-fitting. Here are some suggestions that may help.

**MACARONI MEAT LOAF** — Cook 2 cups macaroni in boiling, salted water until tender. Combine with ¾ to 1 pound ground meat, beef, lamb, veal or pork or combinations of these meats. Add 2 cups chopped tomatoes, chopped onions and green peppers to taste, and season with salt and pepper. Add 1 or 2 beaten eggs and turn into a greased loaf pan and bake in a moderate oven (350° F.) for about 1 hour until meat is done. It is your meat and starch courses all in one, and it makes meat go twice as far.

**STEW A LA MODE**—Cook stew as usual, adding vegetables (but not potatoes) in season. When done, thicken the liquid and pour gravy, meat and vegetables into a casserole. Top with hot, mashed potatoes, and place in a hot oven (450° F.) for about 10 minutes or until potatoes have turned a toasty brown. Serve at once. This stew may well be a company dish for all its goodness and eye appeal.

**CHEESE DITTY**—Saute 2 or 3 tbsps. chopped onion until limp, then add 2 or 3 chopped tomatoes, salt, pepper, and a dash of sugar and simmer for about 10 minutes. Add ¼ to ½ pound of grated cheese and cook until melted and thoroughly blended. Finally, add 1 beaten egg gradually and stir constantly to blend in the egg smoothly. Cook just a minute longer until velvety in consistency. Serve immediately on thin, hot toast.

**NEPTUNE PIE** — Place 1 to 2 cups cooked, flaked fish in a greased casserole. Make 2 cups white sauce, and fold in a well-beaten egg and season with salt and pepper. Pour this sauce over the fish and top with 1 cup fresh bread crumbs, dot with bacon drippings or other fat, and bake in hot oven (425° F.) for about 15 minutes or until crusty brown. Grand for Friday and any other day. Use any kind of fish, canned, fresh cooked, or shell fish.

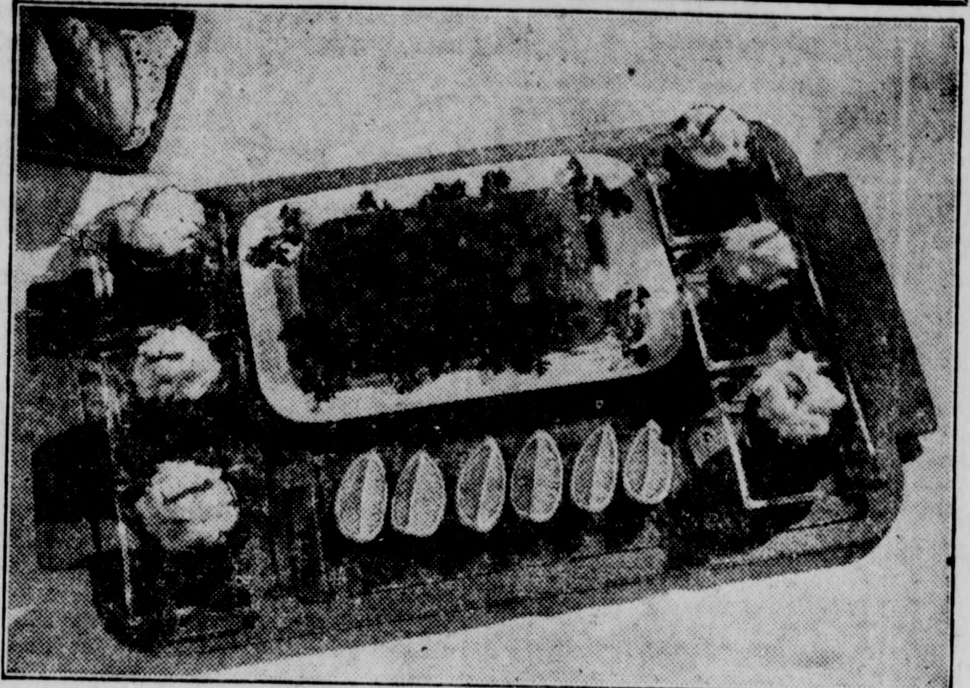
## Sea Food Aspic, A Popular Meatless Entree



By BETTY BARCLAY

SEA food is more popular every year as quick transportation and "quick freezing" make it available in many districts far removed from salt water. The need for meatless menus and the widespread knowledge of the healthful effects of fish are also added reasons for its increase in service now-a-days in addition to its popularity based on taste alone.

Fish dishes served with plenty of squeezable lemon quarters to bring out the flavor, are indeed heaped with vitamins, proteins and minerals. The service pictured, though slightly formal in arrangement, has the simplicity of preparation homemakers admire. This aspic may be quickly prepared and chilling while the homemaker next centers her attention on preparing a potato salad accompaniment.

Potato salad is ideal served hot or cold and if the summer garden offers a quantity of green peppers, tomatoes, or zuchini squash, these may be used raw or cooked as hollowed out cups in which to serve the salad. Or, if you prefer, clean-skinned orange shells make attractive cups too.

For your convenience the recipes for both the fish aspic and potato salad are given below. Why not serve this luncheon menu soon?

### Fish in Lemon Aspic

2 tablespoons gelatin
¼ cup cold water
1½ cups hot water
½ teaspoon salt
1 tablespoon sugar
⅛ cup lemon juice
1 cup of any cooked or canned fish, flaked
2 tablespoons chopped pimiento
1 cup chopped celery

Sprinkle gelatin on top of cold water. Add hot water, salt, sugar and lemon juice and cool. Add fish, pimiento and chopped celery. Pour into mold and chill. When firm unmold on salad plate and garnish with parsley or other greens.

### Hot Potato Salad

½ cup lemon juice
⅓ cup salad oil
1 teaspoon sugar
2 eggs, beaten
¼ teaspoon dry mustard
6 cups sliced hot potato
1 cup celery cubes
2 strips bacon, cut in squares (optional)
Salt and pepper to taste

Combine lemon juice, salad oil, sugar, eggs and mustard. Heat to boiling point, beating continually to keep smooth. Pour over the hot potato. Add celery. Mix in the bacon squares which have been fried to a crisp, golden brown. Add salt and pepper to taste. Serve hot. Serves 6 to 8.

Note: If the salad is preferred cold, use cold sliced cooked potatoes and when the ingredients are all mixed, chill before serving.

your RED CROSS calls for help!

THOUSANDS OF NURSE'S AIDES, REGISTERED NURSES *and* HOME NURSES ARE NEEDED NOW!

There is a serious shortage of women with nursing skill in Northern California—a shortage that could become dangerous to community health, according to the American Red Cross. Look at these figures and see why . . . Only 3,000 Nurse's Aides have been trained. 10,000 are needed. 13,000 Home Nurses are enrolled. 100,000 are needed. To overcome this three things must be done . . .

1 Trained nurses are desperately needed. They are needed for the army and navy hospitals overseas. Registered nurses now in retirement should report for duty now and make possible release of trained nurses now on civilian duty here.

2 Nurse's Aides must be recruited from the homes and from other full time employment. By doing minor duties, such as taking temperatures, making beds, assisting in dressings and helping apply casts and slings, they can release graduate nurses for more important duties.

3 Home Nurses are needed to take care of the sick and injured members of their own families in their own home and thus prevent an added burden upon the already crowded hospitals.

*The American Red Cross reports the need for 10,000 Nurse's Aides for service in the hospitals of Northern and Central California*

WHO . . .
**If you are between 18 and 50 years of age you can become a Nurse's Aide in any of 80 hospitals in 66 communities.**

WHAT . . .
**To become a Nurse's Aide you must prepare by doing 80 hours of preliminary training in hospital courses prepared by the Red Cross. You then must give a minimum of three hours a week during the next year.**

WHY . . .
**These hours you give become life saving hours because you relieve the strain on our overworked nurses in hospitals, clinics and other health agencies.**

This is the critical period of the war both here and in foreign fields. The home front must make all out sacrifices just as our fighting men are doing. There is a challenge to Health here at home. Step in and meet this challenge now. If you are a Registered Nurse now retired—step forward and get into active service again. If you can spare a few hours a day, enroll in the Red Cross courses in Nurse's Aide or Home Nursing. This nursing job must be done. Hundreds are enrolling now. Do your share—boost this enrollment into the thousands

**Q. If I am under 20 and my parents consent, can I enlist?**

A. No. By law the minimum age is 20.

# Extension Service Hits Oven Canning

A score of accidents resulting from the use of the oven canning method have recently been reported, according to Miss Hilda Faust, extension specialist in nutrition, University of California Agricultural Extension service.

Oven canning is not recommended for any product because of the danger of food spoilage and accidents, Miss Faust warned. It does not guarantee cooking temperatures that are adequate to sterilize the product. This is due to several reasons: the jars heat slowly and unevenly in the air of the oven; the heat regulator may indicate a temperature higher than that actually reached in the oven; and even in a hot oven, the temperature within an unsealed jar is only that of the boiling point of its contents, about 212 degrees F.

The danger of explosion is increased by the use of jars with glass tops, but accidents may also occur with other types of lids. Explosions can not occur in hot water bath canning because under these conditions jars will never heat above the boiling point.

"It is because of both spoilage risk and explosion danger that the University of California is frowning on oven canning. The fault, of course, is not the oven itself," Miss Faust said, "but is due to the simple physics involved."

## Property Valuation Reaches All-Time High

Value of property owned by California public utility companies reached an all-time high in 1943, it was announced, this week, by the State Board of Equalization.

George R. Reilly, first district member of the board, explained that the total assessment of such holdings amounted to $1,165,432,740, an increase of approximately $70,000,000 or 6.4 per cent over 1942. The current total included tangible property amounting to $1,047,786,880, and intangible property, $117,645,860.

Board records show that in San Mateo county the public utility property was assessed as follows: Intangible none; tangible $14,244,500. The total of tangible property represented an increase of 3.62 per cent as compared with 1942.

Reilly pointed out that this was the ninth such annual assessment made by the Board of Equalization. This valuation is determined for the purposes of local taxation only, as no state tax is imposed on the property assessed by the board. The roll will become final as of the third Monday of August after consideration of any petition for reassessment that may be filed before that date.

The gas and electric companies led the list of taxpaying groups with tangible property amounting to $550,461,600. Railroad companies were second with $283,071,170, and telephone and telegraph companies with $187,822,280.

# Miss Rose Siragusa Exchanges Vows With Willis T. Adams At Church Wedding

Gowned in white satin trimmed with Chantilly lace, Miss Rose Siragusa went to the altar of Our Lady of Perpetual Help church, on the arm of her father, Saturday evening, August 7, to become the bride of Willis T. Adams. Father Raymond Hoare officiated at the wedding ceremony.

The bride, who carried a bouquet of bouvardia and gardenias and wore a long, lace-trimmed veil, was attended by Miss Dorothy Smith, Daly City, maid of honor, and Miss Hazel Adams, the groom's sister, bridesmaid. The groom's attendants were two fellow aviation cadets from the Visalia air field.

Miss Smith wore pink and Miss Adams, blue. Both carried old-fashioned bouquets of Talisman roses.

The groom's grandparents, and aunt and uncle came from Stockton to attend the ceremony.

A reception followed at the home of Mr. and Mrs. Siragusa, the bride's parents, 94 Theta avenue, where moving pictures were taken as the new wife cut the 3-tiered wedding cake.

The groom, a San Francisco man, is an aviation cadet with the U. S. Army, now stationed at Visalia. The young couple went immediately to Visalia by plane following the wedding and reception and will be there for the next three weeks. They received a great many lovely gifts from friends and relatives.
